The bulbs offered in the above list are of the finest quality and are grown on our famous bulb soil at Canby, Oregon, under the personal supervision of Merton G. Ellis. Our soil is a rich, sandy loam, just right for producing those fine mealy potatoes which are so sought after for baking, as distinguished from those watery potatoes which will never bake. Like the potatoes, our bulbs grown on this soil are plump and solid, and of finest texture and quality.

This fall, we won the Blue Ribbon and Silver Cup at the Annual Flower Show at Silverton, Oregon, for the best Gladiolus exhibit, against the stiffest competition in the state. The flowers for this exhibit were taken from our field-grown stock and not especially grown for exhibition purposes. Hence, we are justly proud of the quality of our stock.

GUARANTEE — Our long list of satisfied customers and the phenomenal and rapid increase of our business, is our best guarantee. We exercise great care to send out healthy stock, true to name; should any prove untrue, we will replace three for one. We cannot, of course, guarantee the results you will obtain. However, as to the growing, we are glad to call your attention to the book, "Making Them Grow," by Merton G. Ellis. Many say it is worth hundreds of dollars to the grower desirous of quickly increasing his stock of the new and higher priced varieties. Price, \$3.50 per copy, postpaid; or free with orders of \$50.00 or more.
